Principal's Update (Mark Rubin-Toles)

- Please check our Lost & Found. There are always lots of water bottles and sweatshirts.
- Spring Break is next week!
- State Testing will start the Tuesday after break. The test schedule is available in Picks of the Week.
 - Help your student by encouraging exercise, plenty of sleep and a good breakfast.
 - Please note that electronics are not allowed during testing and kids should bring a book to read for when they are finished, they can not open up a text book. Students will be given as much time as they need.
 - This is a “high stakes” test for the school as it helps measure how well schools are doing at achieving grade level standards. It does not impact students grades or transcripts. A little stress and nervousness can be healthy but if a student is overwhelmed our counselors are here to help.
- Promotion will be coming up. 8th grade students who are interested in presenting a speech or poem during the ceremony may audition. Drafts must be turned in by Friday, April 26th with auditions the following Monday.
- Community Schools still has several late start Wednesday classes with low enrollment and would love to have more students register.
